

Introducing Vultr Marketplace Featuring Incredible PBX 2021

nerdvittles.com/introducing-vultr-marketplace-featuring-incredible-pbx-2021

The advertisement features a dark blue background with a central illustration of a server rack containing several SSDs. On the left, the text 'High Performance', 'SSD Storage', and '17 Locations' is displayed in white and blue. On the right, the Vultr logo is shown above the text 'Starting from \$2.50/mo' and '\$0.004/hr'. A blue button with the text 'Get started' is positioned at the bottom right.

One of our oldest open source supporters, [Vultr](#), introduced their new [Vultr Marketplace](#) today featuring one-click installs for dozens of turnkey apps including [Incredible PBX 2021](#). Vultr boasts a whopping 1.3 million users running applications in 17 different locations around the globe. And, today, it's easier than ever. With the new Incredible PBX 2021 image, a user can choose a location and server size and simply click on the Incredible PBX 2021 application in the Vultr Marketplace instead of wrestling with Linux and a cumbersome install procedure. Within a matter of minutes, your PBX is ready to start making calls. If you use [our referral code to sign up](#), our open source projects get \$25 from Vultr, and you receive a \$100 credit to kick the tires. So... you have nothing to lose!

Here's a snapshot of the applications that await you in the new Vultr Marketplace:

Server Type

64 bit OS 32 bit OS Marketplace Upload ISO ISO Library Backup Snapshot

 WordPress On Ubuntu 18.04 x64			

If you've never used Vultr, you owe it to yourself to take their cloud platform for a spin. The performance is legendary, and a \$5 a month platform can easily manage the calls for dozens of users. Add automatic backups for an additional \$1 a month, and your platform is virtually indestructible. And you'll never have to babysit on-premise hardware as well as Internet and power issues again. Read the [Incredible PBX 2021 tutorial](#) to get started.
